## GIFTS OF PEOPLE ARE STOLEN FROM SKATING RINK

Breaking into the skating rink and deliberately stealing goods that had been gladly given by people of Wainwright for the benefit of patriotism was the despicable act of a person or persons on Tuesday. Upon whose shoulders the charge of theft may be laid has not yet been determined but diligent work is now proceeding to have justice carried out. Those in charge of the goods which were left over from Monday evening's banquet cannot bring themselves to think that the work is that of children. Pies and other eatables were taken as well as plates and dishes.

## BELIEF IS THAT MOUNTED RIFLES ARE IN ACTION

Word which came over the wire on Thursday last gave reason for the belief that Wainwright men, members of the Mounted Rifles, had been in action. Lt. W. O. Craig of Vermilion, a member of "C" squadron to which many of the local boys belonged, having been wounded. Wainwright men of the Mounted Rifles include A. Liddle, W. J. Steele, R. Peck, R. W. Wright, F. A. Liddle, C. H. Horne, P. A. Connaw, A. T. Aitken and T. Smith.

Mrs. Thos. Murphy left on Monday for Edmonton where she will visit friends and relatives for a week.

Local doctors are still empowered to examine men wishing to join the colors.

D. D. Penman, of Edmonton was a visitor to Wainwright for a few days last week. During his stay here he was successful in bagging about 30 birds.

Proving very successful, a whist drive was held by the C.O.F. on Wednesday evening last, the prize winners being as follows: Ladies first, Mrs. C. H. Brown, second, Mrs. Morrow; Gentlemen, first, Robert Turner, second, F. Jenkins.

The "Harvest" dance held on Wednesday evening of last week was well attended. The whist drive held under the auspices of the local lodge of the I.O.F., on the same evening, was also an event that received good patronage.

## WAR NEWS TELLS OF ANOTHER FALLEN CITY; BELGRADE IN FLAMES

Another capital has fallen before the invading Austro-German armies, and now Belgrade, Serbia, is in flames, while the former residents of the city watch the destruction of their homes from the hill-sides. The renewal of operations against the ancient foe of Austria has been anticipated for several weeks, and with the Bulgarian situation reaching a climax it was deemed advisable by the central powers to clear Serbia out of the way before the allied forces manage to work their way up from Saloniki into Serbia to join the Serbians in their defensive movement.

The attitude of Bulgaria is no longer in doubt, for an attack has been launched against the Serbians on the eastern border. This is taken as a declaration of war by the Serbians, and the allied forces will doubtless bring the treacherous nation which has so often picked a loser in the various Balkan wars, to account.

Trouble in Greece appears to have assumed a serious phase, for the king, goaded on by his royal consort, who is a sister of the kaiser, has come out flatly in favor of participation in the great conflict on the side of the Central powers, while Premier Venizelos, satisfied that the cause of the Allies is right, sought to have Greece cast its lot with the entente powers. Venizelos has resigned, and his successor, Premier Zaimis, has formed a new cabinet which Venizelos says he will support to a certain point. It is said that 90 per cent. of the population of Greece favors the cause of Venizelos.

In the western theatre of war the Allies continue to make small gains at several points, and, despite the repeated efforts of the German general staff and the hysterical Berlin press to minimize the victories of their foes, Field Marshal Sir John French continues to report appreciable gains in northern France.

## GREATEST YET PRODUCED

A billion bushel of wheat crop the greatest ever grown in any country has been produced in the United States this year. The government's preliminary estimates of the great crop made it at 1,002,029,000 bushels or 111,000,000 bushels larger than the record crop of 1912.

## ACCEPT WOMAN'S REQUEST

Applying directly to the king, after her request had been thrust aside by the governor general and the minister of militia for Canada, Miss Kitty Reese, an eighteen year old housewife of Calgary, is preparing to go to the European battle front as a dispatch rider.

## BULGARIANS ARE ALIENS

Orders are being sent out to all registrars of alien enemies, the police acting as such, and the Royal North West Mounted Police in Western Canada, to treat the Bulgarians now as alien enemies.

## ODDFELLOWS 'AT HOME'

Arrangements are now being made for the I.O.O.F., annual "At Home" which will be held in the "Elite" theatre on New Year's Eve. The affair will be conducted along similar lines as those followed in previous years, but with many added improvements that will tend to make the event more successful than ever before. It is expected that invitations will be sent out at an early date.

## JAMES POWERS DIES WHILE THRESHING; HEART FAILURE CAUSE

Death as the result of heart failure and other internal troubles was the verdict of a jury empaneled to enquire into the sudden death of James Powers, a farmer living north of Edgerton who died while threshing on Monday afternoon last. The death of Powers brought about the second inquest to be held in the district during the past week, the other one being that enquiring into the death of Michael Byrnes, who was killed on the G.T.P. tracks a few miles west of Wainwright. Dr. J. A. Little was the coroner in both cases.

Attention is directed to the advertisement on page four of this issue in which Mr. E. E. Connor is offering his household furniture for sale. The collection comprises a splendid assortment, which will change hands as a result of the decision of Mr. Connor to return to the east.

## Thanksgiving!

It is a time of re-union of friends, a time of joy and festivity. But it is something more than that. It is a time when our hearts go out in grateful remembrance of Him, who is the Giver of "Every Good and Perfect Gift." Our thanksgiving goes out to God for the natural and physical resources of our land. We have had a bounteous harvest. One cannot drive through the Wainwright district without feeling that here is a land, veritably flowing with milk and honey, a land of wheat and barley, a land wherein we eat bread without scarceness; Thanksgiving for our homes, with their loves and joys and ecstasies; Thanksgiving for the great and the good men who are being raised up in our land reforming its vices and going forth to make our fair province and Dominion a name and a place amongst all the nations of the earth; Thanksgiving for Him whose good news rings over our hills and through our valleys teaching men the brotherhood of man and the fatherhood of God; Thanksgiving for this season itself which is a foretoken of that time when the families of earth shall gather together in the everlasting Home to keep the long and bright Eternal Thanksgiving Day. Yea let all the earth ring out its glad Thanksgiving midst the sunbeams of this glorious season.

Wainwright, Oct. 12, 1915

REV. THOS. MURPHY, P. A.

## ABOUT 250 PERSONS ATTENDED BIG THANKSGIVING BANQUET; \$200 COLLECTED FOR SOLDIERS

Wainwright people decreed on Monday evening last that their boys at the front should not pass Christmas time without being recipients of some tangible evidence that Wainwright people had remembered them. Wainwright people made this decree in organizing and giving a banquet in aid of their soldier boys; in giving a banquet that not only stood alone in a class of excellence but which had the desired monetary effect of raising an amount well over two hundred dollars with which to purchase Christmas gifts, gifts that will bring back memories.

The banquet on Monday evening last was successful in every sense of the word. In the neighborhood of 250 persons sat down to the heavily laden tables so well arranged in the skating rink and all enjoyed the excellent repast that comprised prairie chicken, duck, two kinds of vegetables and many table delicacies.

The program was carried out with but one hitch, this being occasioned in consequence of the non-arrival of the speakers, Mr. John Blue, secretary of the Northern Alberta Patriotic Fund and Prof. Alexander of the University of Alberta, whose forced absence came as a result of the unusually late arrival of the train from the capital. Apart from this, the events were conducted as planned, the banquet being held in the skating rink, and the entertainment in the theatre. The dance which followed, brought to a conclusion the big, enjoyable and result-getting event.

News of the affair tells us that the banquet was prepared

and the entertainment and dance given practically without cost. Everybody worked, everybody paid and the slogan of work and pay was lived up to in its entirety. The game was furnished by the men, the potatoes and vegetables by many people. No one refused to give—all gave and all worked for this patriotic banquet for Wainwright soldier boys.

The chicken and ducks were cleaned by the cadets and A. Culley worked like a Trojan in getting them in readiness for the table. The Girl Guides peeled potatoes and waited on

tables while members of the Daughters of the Empire did everything else that called for attention.

Following the supper in the rink, the crowd adjourned to the theatre where the entertainment and dance were given. The entertainment was indeed commendable and all participants are deserving of the highest praise. The patriotic duet, "We'll Never Let the Old Flag Fall" by the Misses Gladys Ranier and Nellie Carroll was particularly well given and well received. The reading, "Bobby Shafto" by Miss J. H. Henry was clever and was appreciated by the audience. Eight year old J. Carroll is a little wonder and his song, "The Navy" was one of the hits of the night.

The descriptive song, "My Daddy's a Gentleman" by Miss Helen Shirley was well rendered while the humorous songs by Walter King called round after round of applause. Too much cannot be said in regard to the excellence of the drum solo given by Cadet Corp. Murray H. Pawling. Murray is but a youngster, yet his efforts were of such quality that few men could have equaled. The Irish Lilt by Helen Shirley found Miss Shirley quite at home and in the number Miss Helen gave a perfect exhibition of rhythm and grace.

The music of the evening was given by the Symphony Orchestra whose efforts were appreciated. Thanks are extended to all workers whose efforts contributed toward the success of the function. In this regard the hotels are thanked, as is also A. Culley, W. S. Brodie, H. Y. Pawling and others.

## TO AID RED CROSS

A Halloween party and supper for the Red Cross Society will be held in the Trafalgar school on the evening of Oct. 30th. The function, which will be held under the auspices of the Women's Institute, will begin at 6 o'clock. The admission fee will be 25 cents.

Mrs. R. K. Swenerton will receive on the second and fourth Thursday of each month during the winter.

Visitors to Edmonton over the holiday included Miss Wilkison, Miss Straug, Miss Cross and Messrs H. P. May, Bruce McLeod, P. E. Ross, Mr. Malone, H. Cook and others.

Two boys who ran away from their homes in Auburn and endeavored to obtain work on the Mabey farm were quickly turned over to Corporal Wilson of the Mounted Police. One of the boys has since been returned to his home and the other to the Children's Shelter in Edmonton.

## HEAVY FINE LEVIED FOR CRUELTY TO BOY

Charged with cruelty to an adopted son by the name of Ray Ingle, John Wright of Chauvin, at a sitting of the district court held in Wainwright last week, was penalized by Judge Crawford by a fine of \$100 or the alternative of spending three months making "little ones out of big ones". Defendant was given 30 days in which to pay the fine. It will be remembered that the charge against Wright was one of the worst of its kind recorded in Alberta court history.

Harvest Thanksgiving services were held in the Methodist and Presbyterian churches on Sunday last.

The latest local Ford car purchaser is E. L. Cork, who has made arrangements for the acquisition of a machine from the local agent, Herb Smith.

## Celebrates Birthday By Joining Canadian Ranks

When William Henry Smithson enlisted in the 82nd battalion, just to celebrate his birthday, he set a good example for others. Signing on for service under the flag is a big event, and there is a sentiment in the idea of making one day serve for a double celebration.

## Jury Decided That Micheal Byrnes Met Death Accidentally

"That Micheal Byrnes came to his death accidentally by jumping or falling from a freight train passing through Hawkins about 7:30 p. m., Oct. 5th, direct cause of death being internal hemorrhage due to the fracture of his sternum." The preceding was the verdict of a jury which conducted the enquiry concerning the death of Micheal Byrnes, a member of the 66th Overseas Battalion. The following jurymen were empaneled: Matthew Greer, J. Telford, Chas. Eggar, R. N. C. Langway, H. V. Fieldhouse and E. Lush. The inquest was held before Coroner J. A. Little.

The inquest was adjourned on no less than three occasions and a singular incident in connection with the holding of Trial No. 2 in Wainwright so that the train crew might give evidence. It was said by Arthur J. Valhe, train conductor, that the deceased boarded the train at Biggar and got off at Wainwright. Deceased did not again board No. 3 for travel further west. The presumption, however, is that he waited for the west bound freight train which left town at 6:30 on the same evening and that he rode between the cars and met his death by falling. Among others giving evidence were Chas. Gossman, C. H. Brown, H. G. Williams, David Greenless, Dr. McGregor of Irma and M. Yur-lu.

Deceased hailed from England and was about forty years of age. His remains were interred at the Wainwright cemetery on Monday morning. Rev. H. Assiter officiating.

## METHODIST CHURCH WILL CELEBRATE ITS ANNIVERSARY

The Anniversary of Grace Methodist church will be held on Sunday and Monday Oct. 24th and 25th. The preacher of the day will be Rev. W. A. Lewis B. A., of Edmonton. Special music will be furnished morning and evening by the choir. There will be a rally of the Sunday school in the afternoon when special songs will be sung by the school and an address given by Mr. Lewis.

On Monday night from 6 to 8, a hot supper will be served in the Elite theatre. It is enough to say that the event will be the equal of previous years. A grand concert will commence at 8:30. Rev. Mr. Lewis will act as chairman. His wit and humor are well-known. Leading local talent will furnish an attractive program. The cost for both supper and concert will be 30 cents.

On Monday evening next at 7:30 in St. Thomas' church, a musically illustrated Service of Song, will be rendered, entitled "Christie's Old Organ," to which the public are cordially invited. Collection for the Sunday School Fund.

The Epworth League of Grace Methodist church will meet next Monday night at 8 o'clock when the topic will be "An evening with the hymn writers."

Tenders for the installation of town scales are being called by the Town Secretary. Full particulars are given on another page of this issue.

## WOMEN'S INSTITUTE ACTIVE

Under the auspices of the Women's Institute, a 10 cent tea and sale of home cooking for the Red Cross Society will be held in the rest room of A. C. Armstrong's store on Saturday, October 23rd. The event will open at 10 o'clock in the morning and continue until 9 o'clock in the evening.

## LOCAL GRAIN MARKETS

Quotations received to-day from the local elevator and the prices of grain at practically the same as those of last week. No. 1 wheat is being bought at 78, No. 2 at 75 and No. 3 at 71. For oats, 24 cents are offered and for barley not more than 34.

## WAR COST TREMENDOUS

The war is costing Canada now \$484,000 a day. At least this was the rate of the expenditure in September. The total for the month was \$14,541,063. At this rate the war for a year would cost about \$1,704,000,000. However the rate is increasing monthly, so that the war for the year will likely cost \$200,000,000.

A splendid consignment of blue and green grapes have been received by Fraser & Co and are now on sale at the big corner store.

## DATE IS NAMED FOR PATRIOTIC MEETING

The organization meeting for the patriotic fund for the Wainwright constituency will be held in Wainwright on the evening of October 20th. Mayor G. H. Beaudry who has in hand the arrangements, has already sent out notices to all school districts in the constituency. Secretary John Blue will be present at the meeting.

T. Malone of Edmonton arrived in Wainwright last week to take up duties in the G. T. P. chief clerk's office.

Miss Ethel M. Currie, who during the past two weeks filled a temporary stenographic engagement in the G. T. P. chief clerk's office, returned to Edmonton on Thursday.

The "wild beast let loose on the world" is shown by the New York Tribune at bay.

## THE S.O.S. PROPOSAL AND THE FIGHTER'S REWARD

IT WOULD BE A POOR REWARD on the return of our fighting men, some maimed, some broken in health, some utter physical wrecks to find that they had not been provided for. Laudable then is the proposal of the Wainwright branch of the Sons of England Society to inaugurate a fund for the assistance and perhaps temporary maintenance of the Wainwright fighters after they return from the firing line with life-long marks of the part they have played in the great struggle.

Not only should local people do all in their power to make provision for these fighting men. Everything possible must be done by the government and the reward, if we can use the appellation, should be such as to provide these maimed and broken men with every means of subsistence and every means of comfort. This fight is our fight and we at home are but playing a small part as compared with their efforts. It is therefore, but our unbounded duty to make preparations for the return of our men.

The news that time will not be long before our Wainwright boys take up their duties in the trenches, brings the war a little closer home. It does not seem a great time since the majority joined the ranks, for but a few months separate them from the days they were just plain citizens, each and every one going about his work in a peace loving way. But to day they are soldiers while to-morrow, perhaps, they will be fighting men.

And when this fighting stage is reached, time will bring along brief "wires" that will tell of casualties, may even tell of the lives laid down by these men of Wainwright who not long ago were "just plain citizens." Wainwright will then be paying its price of war in the currency of flesh and blood the price that must be paid in war.

It will be then when we in Wainwright shall realize what war is. It will be then when we shall call ourselves to think more about the welfare of our boys. But in the period that comes before the casualty-telling days let us all strive to make preparations for that day when those who are left return. Let us help the Sons of England and other organizations and parties who have in mind the welfare of returned soldiers. Let us help them in the best of our power. Let us give our boys the best in the form of a reward.

## CONSCRIPTION IN CANADA A POOR POSSIBILITY

DURING THE PAST few weeks there have occasionally bobbed up on the public platform in Canada some individuals who have, in a more or less sort of way, hinted at conscription in this country. Those people may be perfectly sincere in their belief, and in their desire to aid a cause which has their whole-hearted, enthusiastic support. Yet it is to be regretted that they do not show a full appreciation of the situation so far as Canada is concerned. There can never be any conscription in Canada, and there never will be, so far as it would apply to any war in which Britain was engaged. It is doubtful if there will ever be any necessity for it, even if it were solely Great Britain's war; and, if there were such necessity, it is most unlikely that there would be any conscription in this country with the consent of the British government.

The foregoing is what the Calgary News Telegram has to say in regard to conscription, and so it points out that when Great Britain showed a disposition to place obligations upon the colonies, it learned a lesson that had its effect and the result that each and every colony of Britain, so long as it is not openly disloyal, enjoys an absolute independence which makes that colony the supreme arbiter in its own domestic affairs. But let us suppose that conscription is adopted in Britain, conscription would not come in Canada on the advice or with the consent of the British parliament. The only chance of conscription being enforced in Canada would come as a result of this dominion being the direct cause of the war. And in such an event, if it did come, it would be purely and solely as a direct result of the wish and consent of the people of Canada. At the present time with Canadian manhood making such a splendid response to the call, it is hard to see why conscription in Canada should be talked of at all—why it should even be suggested.

## THANKSGIVING DAY

WE CELEBRATED THANKSGIVING DAY on Monday last and while we were celebrating a million men were at war on the battle fields of Europe whose purpose was to destroy, to kill and maim. Some of us hardly felt like commemorating this day of the year set aside for thanks-offering, for it seemed like a hollow mockery when weighed with the strife, the pain, the awful carnage and destruction at present existent. Yet we had reason to celebrate and thank the good Providence that has so far carried us through the year 1915. Not only have we material goodness to be thankful for, good crops and a brighter business outlook, but we may offer thanks in the fact that we belong to a race whose ideals are those for the elevation of mankind and the improvement of civilization's laws, and apart from this and, as remarked by The Edmonton Journal, we may be thankful for that welcome result of the great conflict in which we, as a people, are taking part which has forced us to abandon to so large an extent the artificialities in which we were previously enmeshed, and to appreciate the things that are really worth while.

## NOTES AND COMMENT

Of the debt that is owed to Belgian manhood, the world is fully cognizant, but it should not be forgotten that little Serbia has not only delayed the Teuton, but has hurried back his rush for Constantinople and Egypt. Serbia, with not half the population of Belgium, has played a part in this war which the allies will never forget.

## MANY MEN ADDED

The return of the harvesters from the farms has added new stimulus to recruiting in Edmonton. The number of young men who are visiting the recruiting office, is growing larger steadily. In the past two days, many men have been added to the strength of the 63rd Battalion and the prospect of an early departure for the front appears to appeal to the adventurous natures of the men who have returned from the farms.

Are Your Children  
Learning to Save  
Money?

Each maturing son and  
daughter should have a personal  
Savings Account in the Union  
Bank of Canada, with opportu-  
nities to save regularly, and  
training in how to expend money  
wisely. Such an education in  
thrift and saving will prove inval-  
uable in later life.

## Synopsis of Canadian Northwest Land Regulations.

THINK: sole head of a family, or any man  
over 18 years old, may homestead a  
quarter-section of available Dominion land in  
Manitoba, Saskatchewan or Alberta. The  
applicant must appear in person at the  
Department Lands Agency or sub Agency in the  
District. Entry of proxy may be made  
at the office of any Agent of Dominion  
Lands, but not agent, on certain conditions.

Dates: Six months residence upon and  
cultivation of the land in each of three years.  
A homesteader may live within nine miles of  
his homestead on a farm of at least 80 acres,  
on certain conditions. A valuable home is  
required in every case, except when residence  
is performed in the vicinity.

In certain districts a homesteader in good  
standing may pre-empt a quarter-section  
along his homestead. Price \$2 per acre.

Dates: Six months residence in each of  
three years after acquiring homestead; also  
50 acres extra cultivation on free-entitled  
patent may be obtained on any homesteaded  
patent, on certain conditions.

A settler who has relinquished his im-  
proved right and cannot obtain a re-emption  
may buy a quarter-section of available  
Dominion land in person at the Depart-  
ment Lands Agency or sub Agency. Price \$20 per acre. Dates: Six  
months residence and erect a house worth \$300.

The area of cultivation is subject to reduction  
in case of rough, scrubby or stony land  
and stock may be substituted for cultivation  
under certain conditions.

## MONOTONY REIGNS IN PARIS' SUBURBS

Key Little Villages Closed up in Many  
Cases—Not at Frank, Women  
Work Hard

Life in the suburbs of Paris in win-  
ter is described by a correspondent  
of the London Times who usually  
writes on the fashions, but in this  
case finds another topic of timely  
interest.

The Paris suburbs are very melan-  
choly just now, she says. All the  
young men have gone away and all  
safety is in abeyance. Many of the  
fantastic villas are closed. From each  
house one man has gone and it is  
many several, for large families are  
not unusual in the suburbs. The women  
and children, left alone, have in some  
cases found life unendurable, and have  
put away their household goods,  
closed their shutters, and gone back  
to the mother's, or the father's home  
in the provinces.

The closed houses only accentuate  
the loneliness of those which remain  
open, and nowhere is there any air  
of normal life. The days pass in quiet  
monotony; work and no play is the  
rule; and it is not unusual for the  
mistress of the house to find her-  
self bored, not merely with the care  
of the family, but also with the re-  
sponsibility of her husband's business.  
This, with the supervision of her  
children's education, is no mean task,  
and with the added anxiety for the  
husband in danger of the cruel certainty  
of death has passed, the already  
serious middle-class Frenchwoman has  
become yet more serious.

In some of the suburbs the question  
of the household marketing has be-  
come quite a weighty one, for not  
only are things expensive, but they  
are more difficult to get than in the  
centre of the city. The butchers have  
been municipalized, and the cooper-  
atives and housewives have to get the day's  
supplies before mid-day from the one  
and only authorized butcher. They  
are finding the price very much  
higher.

The middle classes in the suburbs  
suffer much from the increased cost  
of living and the stagnation in busi-  
ness. Many of them have but few  
savings and some have none. Where  
the men of the family have gone and  
business has stopped, misery is left  
behind, and it is not easy for people  
of this class to join the working-  
woman and apply for State grants and  
soup at the Mairie.

Even when there is no war, there  
is not much haphazard visiting in the  
Paris suburbs, for no class in France  
is less given to chance hospitality than  
the middle classes which inhabit those  
fantastic little villas. Neighbors have  
no claims on each other, and only  
kindship or very old friendship opens  
the front door. Each family, with  
its own particular little circle of  
friends, has no social ambitions be-  
yond those to which it was born. The  
older women have renounced their  
shopping expeditions, their theatre  
parties followed by a little supper at  
a restaurant, the girls have given up  
their stinging lessons to do some-  
thing for the soldiers, and many of  
them have sent toys to the refugee  
children in Crete. The women come  
from many of these quaintly constructed  
houses, and boy scouts over-run them  
in the holidays.

## The Collision Mat

The collision mat, which is carried  
by all warships, is a very valuable  
part of the vessel's equipment and  
often prevents a ship sinking when  
she has been badly hit by the enemy.  
The mat varies in size from 10 to  
15 feet square and is made of inter-  
woven cloth into which has been inter-  
larded with "rubber" or glass of  
tarry hemp, closely knit together.  
In case of the vessel being dam-  
aged by shell or collision the mat is  
lowered and held over the hole by  
ropes which are attached to it. The  
pressure of the water forces the  
mat closely over the gap and thus  
temporarily stops the leak till it can  
be closed from within.

## OUR BUSINESS INSTINCT

It's Good For Canada to Buy Canadian Goods

In a democracy like Canada manu-  
facturers and consumers meet on a  
common level. Each looks to the other  
to do his part in this made-in-Canada  
campaign. We need no paternal gov-  
ernment to advise us. We need no  
tea-commercial commandments as  
they have in Germany. This is a land  
of liberty. We think and speak as we  
like in loyalty to our own commercial  
interest. If we don't recognize that  
buying things made in this country is  
good for our pockets, our homes or  
our businesses, we naturally buy  
things made somewhere else. It's be-  
cause we are finding out for ourselves  
without any paternal commandments  
from the supreme bureau, that it pays  
in every way to buy Canadian goods,  
that we are entering a campaign to  
do it. The German catalogue treats  
German consumers like a pack of  
children. The business sense of the  
average liberty-loving Canadian de-  
mands to be treated like a full-grown  
man. We don't need to be told that  
it's good for Canada that we buy goods  
made by Canadians. We know that;  
the same as we know that fresh air  
and good food are beneficial to the  
health. We don't even call it patriot-  
ism. It's just ordinary everyday, sel-  
fish business instinct.

## SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion, in Mani-  
toba, Saskatchewan and Alberta and the Yukon  
territory, the North-west Territories and in a  
portion of the province of British Columbia,  
may be leased for a term of twenty-one years  
at an annual rental of \$1 an acre. Not more  
than 250 acres will be leased to one applicant.  
Application for a lease must be made by the  
applicant in person to the Agent or Sub-Agent  
of the district in which the rights applied for  
are situated.

In surveyed territory the land must be se-  
cured by sections, or legal subdivisions of  
sections, and in unsurveyed territory the tract  
applied for shall be staked by the applicant  
himself.

Each application must be accompanied by  
proof of \$5 which will be refunded if the rights  
applied for are not available, but not other-  
wise. A royalty shall be paid on the merchant-  
able output of the mine at the rate of five cents  
per ton.

The person operating the mine shall furnish  
the Agent with sworn returns accounting for  
the full quantity of merchantable coal mined  
and pay the royalty thereon. If the coal min-  
ing rights are not operated, such returns shall  
be furnished at least once a year.

The lease will include the coal mining right  
only, but the lessee may be permitted to pur-  
chase whatever available surface rights may  
be considered necessary for the working of the  
mine at the rate of \$10 an acre.

For full information application should be  
made to the Secretary of the Department of  
the Interior, Ottawa, or to any Agent or Sub-  
Agent of the Interior.

W. W. CORY

Deputy Minister of Interior

## SOCIETY TO DEBATE ON GOVERNMENT OWNED RAILWAYS

The Literary Club of St. Andrew's Presbyterian church met on Tuesday and had a very profitable and enjoyable evening with "Canadian Poets and Writers". Several members took part in the program. Those responsible for the main topics were: Dr. McQueen, Mrs. S. D. Mills, Mr. H. P. May, Mr. Zinkan and Mr. Brodie. Mr. Bryden read a paper for H. A. Cook who was unavoidably absent. The regular meeting will be held again next Tuesday. This meeting will take the form of a debate.

At the next meeting of the Literary, Social and Debating Club of St. Andrew's church, a debate will take place, "Resolved that Government Ownership and Operation of Railways would be the best interest to Canada" being the subject. Messrs W. S. Brodie and W. S. Johnston will take the affirmative and Messrs Bryden and Scott the negative. The subject will be open for discussion after the conclusion of the debate.

Mrs. M. Watson, formerly of Wainwright but now of Edson, is visiting town for a few days.

Bud Simmerman was a week-end visitor to Edmonton.

Wainwright Home Guards will meet in the skating rink on Friday evening, as usual.

Preparations will be made at an early date to have the curling rinks in readiness for the season's opening. This year promises to be a most active one, many new men having signified their intention to join the club.

Writing to Sir Joseph Pope, from the head offices of the Red Cross in London, Lady Drummond urgently requests the sending of reading matter, more particularly home newspapers, for the use of the men in the hospitals and trenches. Lady Drummond remarks that the only kind of reading matter the soldiers do not want is war tales.

FINDING A SPIDER IN NEWSPAPER When Mark Twain, in his early days, was editor of a Missouri paper, a superstitious subscriber wrote to him saying that he had found a spider in his paper, and asking him whether that was a sign of good or bad. The humorist wrote him this answer and printed it: "Old Subscriber: Finding a spider in your paper was neither good luck nor bad luck for you. The spider was merely looking over our paper to see which man in it was not advertising, so that he can go to it and spin his web. So across the door and lead a life of undisturbed peace."

Despite increased threshing facilities and excellent threshing weather, much grain in the Wainwright district still remains in the stook, all of which tells in no uncertain manner of the heavy yields and the increase in the area of land placed under cultivation at the beginning of the present year.
